

CHAITANYA ENGINEERING COLLEGE

Approved by AICTE, New Delhi, Affiliated to JNTU, Kakinada
Chaitanya Valley, Kommadi, Madhurawada, Visakhapatnam-48
NBA & NAAC Accredited

Program and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The following mechanism is followed

by the institute to communicate the learning/course objectives and outcomes, as prescribed by the affiliating university, to the faculty and students.

- Hard Copy of syllabi and Learning Outcomes are available in the departments and examination section for ready reference to the faculty and students.
- Soft Copy of syllabus, regulations that specify objectives and Outcomes of Program and Courses are also uploaded on the institutional website for reference.
- The importance of the learning outcomes has been communicated to the faculty in the department committee meetings at the start of the semesters.
- The students and parents are also made aware of the same through induction/orientation program, parent meets of the department.
- At the beginning of each semester, every Faculty member discusses course outcomes with students in their classrooms. This makes every student to get a clear understanding about what they are going to learn through particular course of that semester.
