OBJECTIVE:

A one day administration seminar on "Research Methodology" aims at the specific procedures or techniques used to identify, select, process and analyze the information about a topic.

The objective of the program is :

- Meaning of research methodology
- Advantages of Research methodology
- Requirement of Research methodology
- Objectives of Research paper

• **TOPICS TO BE COVERED:**

- Objectives of Research methodology
- Advantages of Research methodology
- Types & Techniques of Research methodology
- Data collection methods
- Data Analysis methods

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **06-04-2023.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 13-04-2023

Two day seminar was conducted on "Research methodology" on 13th April, 2023 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:00 AM.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research , various research tools and method floozies,
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

PROGRAM REPORT

DATE: 17-03-2023

One day seminar was conducted on "what is entrepreneurship and what are its effects on economic growth" on 17th March 2023 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 2:30 PM. The chief guest gave us information on what is entrepreneurship is and how it will effect economic growth. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- Since one of the most important goals of entrepreneurship is to stimulate investments in better product quality, which is typically a prerequisite for entering export markets. can help with marketing efforts that increase product demand and allow for increase in production scale of developing economies. Therefore keeping view of these aspects the main objective of the seminar is to address the importance of IPR in modern global economic environment
- Intellectual Property Rights have an impact on the processes of economic development and progress, which are influenced by a variety of circumstances therefore different parameters that can influence it also was one of the objective of the seminar
- Overall clear understanding of the subject in a lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this topic is of paramount importance in today's economically developing world where developing economies are thinking out of the box thus the seminar left a huge impact on the attendees with lots of knowledge to learn
- How entrepreneurship help to develop a economically bright nation and how to use it in a proper direction was discussed properly and this led to create a clear picture in the mind of the attendees regarding the huge importance of it.
- Question answer session on the different aspect of this topic helps them to understand the importance of this topic minutely and this will definitely help them to utilize the knowledge in near future.

CHAITANYA ENGINEERING COLLEGE

OBJECTIVE:

A one day administration seminar on Research Methodology” aims at the specific procedures or techniques used to identify, select, process and analyze the information about a topic to carry out reasearch.

The objective of the program is :

- Meaning of Research methodology
- Advantages of Research methodology for faculties
- Requirement of Research methodology
- Objectives of Research paper

TOPICS TO BE COVERED:

- Objectives of Research methodology
- Advantages of Research methodology
- Types & Techniques of Research methodology
- Data collection methods
- Data Analysis methods

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of “The Principal, Chaitanya Engineering College” payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **16-02-2023.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 24-02-2023

One day seminar was conducted on "Faculty development program on Research Methodology" on 23th February 2023 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:30 PM. The chief guest gave us information about the Research Methodology . The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research , various research tools and method floozies,
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

OBJECTIVE:

A one day administration seminar on “Laws involved in Patent filing” aims to protect and safeguard intellectual products. And legal issues in filing a patent and about patent rights. The objective of the program is to discuss regarding :

- Patent filing.
- Laws involved in patent filing
- Legal issues in patent filing
- E-filing facilities

TOPICS TO BE COVERED:

- Objectives of patent laws
- Advantages of patent laws
- Laws and issues involved
- Patent rights
- Scope of filing a patent

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of “The Principal, Chaitanya Engineering College” payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **10-11-2022**. They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 18-11-2022

One day seminar was conducted on "Laws involved in Patent filing" on 18th November 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:00 AM. The chief guest gave us information about patent laws and steps involved in filing a patent. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

OBJECTIVES OF THE SEMINAR

- Patents protect an inventor right to control the exploitation of their invention in the market place by giving them exclusive rights over its use for 20 years
- The basic aim of patent law is the balance of the interest of inventors on one hand and the interest of the public on the other hand
- What is the purpose of patent. This is a form of IPR protection that gives the creator of an invention the exclusive legal right to market, sell, manufacture ,and profit from that invention.
- The primary and the main objective of the Indian patent act 1970 are to protect and safeguard intellectual products.
- Patent are an eminent part of intellectual property right

Brief out comes of the semina

- A patent for an invention is granted by government to the inventor, giving the inventor the right to stop others for a limited period from making using or selling the invention without permission.
- Conclusion : patent can provide great value and increased returns to individuals and companies on the investment made in developing new technology.

OBJECTIVE:

A one day administration seminar on "Research Methodology" aims at the specific procedures or techniques used to identify, select, process and analyze the information about a topic.

The objective of the program is :

- Meaning of research methodology
- Advantages of Research methodology
- Requirement of Research methodology
- Objectives of Research paper

• TOPICS TO BE COVERED:

- Objectives of Research methodology
- Advantages of Research methodology
- Types & Techniques of Research methodology
- Data collection methods
- Data Analysis methods

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **20-10-2022.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 29-10-2022

One day seminar was conducted on "Research methodology" on 28th October, 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 4:00 PM. The chief guest gave us a very good information of how important is the research methodology. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

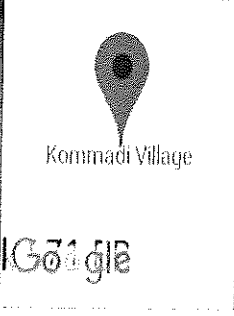

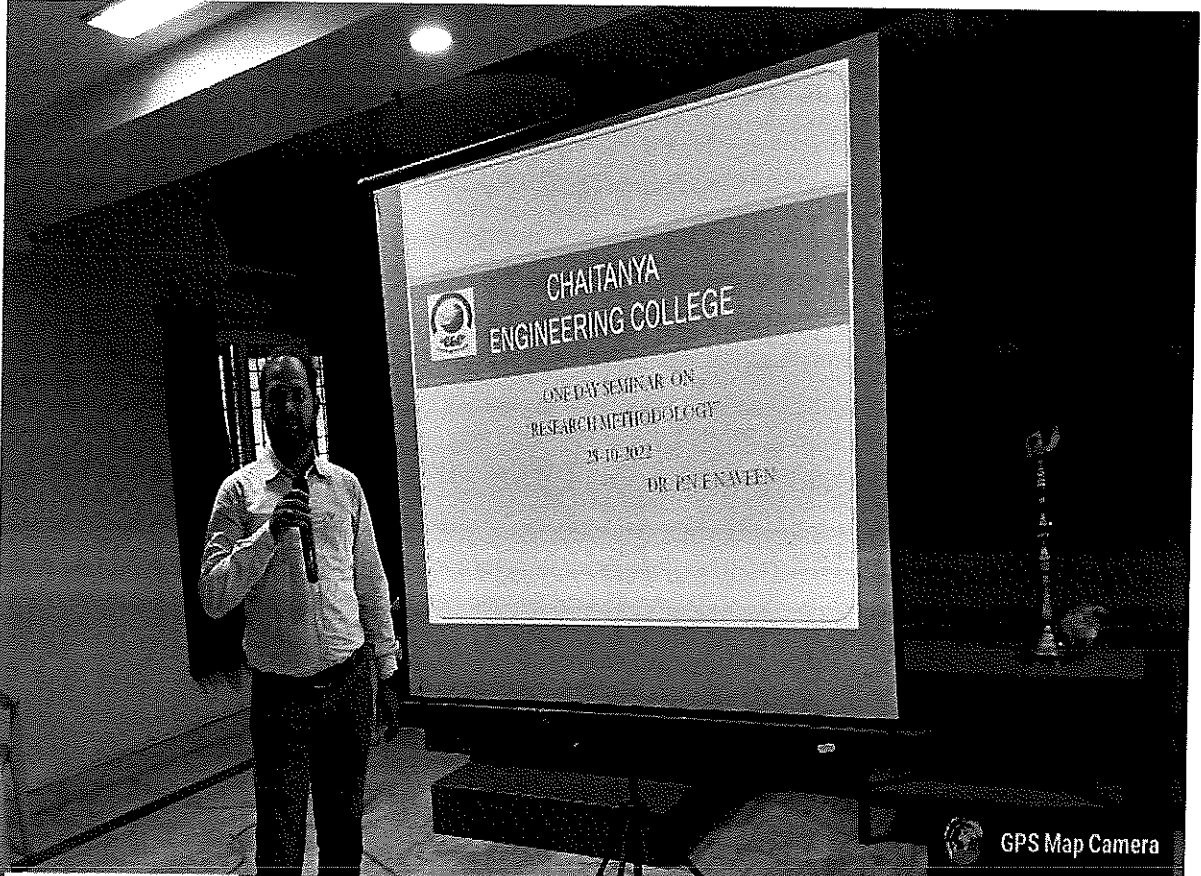

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research, various research tools and method floozies,
- It was a motivational talk for the budding researchers. Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

OBJECTIVE:

A one day administration seminar on "PATENT DATABASE" aims at the balance of the interests of inventors on one hand and the interests of the public on the other hand. Also will be discussing about the right to prevent or stop other from commercially exploiting the patented invention. Totally this seminar gives complete understanding about patent rights and the patent protection.

The objective of the program is to discuss :

- Meaning of patent database
- Advantages of patent database
- Requirement of patent database
- Objectives of patent act

TOPICS TO BE COVERED:

- Objectives of patents database
- Advantages of patent database
- Main objective of IPR
- 5 Requirements of patent database
- Paid patent search databases
- Process of patent in INDIA
- Objectives of patent law
- Patent office databases

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **10-09-2022.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 20-09-2022

One day seminar was conducted on "patent database on 20th September 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 11:00 AM. The chief guest gave us information regarding the patent database, importance of patents. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- Since, the database contains patent filings compiled from the major patent offices all over the world and which provides a lot of information's are an essential part to know while someone dealing with the IPR related activities. Therefore basics of patent database including its introduction was the first objective of the seminar
- Secondly knowing about the different types of patent database and how to use them in a proper way was another objective to discuss.
- Overall all aspects related to the patent database that can affect the any IPR related activities were discussed and thus the seminar fulfilled the third objective

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- After this seminar attendees got the ample knowledge regarding patent databases in general.
- they came to know different types of patent databases that exist and how to use them
- In summary they had a good understanding after this seminar regarding patent database and related IPR activities.

INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

PRINCIPAL
CHAITANYA ENGINEERING COLLEGE
Kommadi, Visakhapatnam - 530 048

OBJECTIVE:

A one day administration seminar on “ Research Skills” which aims to enable people to identify a problem, collect information and can help address the problem, evaluate for quality and relevance and come up with effective solution.

The objective of the program is to discuss :

- Definition of Research Skills
- Advantages of Research Skills
- Benefits of Research Skills
- Objectives of Research Skills

• **TOPICS TO BE COVERED:**

- Objectives of Research Skills
- Advantages of Research Skills
- Main objective of effective Teaching
- 5 Requirements of Research Skills
- Development in effective teaching skills
- Research design and Methodology

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of “The Principal, Chaitanya Engineering College” payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **10-08-2022.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 20-08-2022

One day seminar was conducted on "Faculty development programme on effective teaching and research skills" on 20th August 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 4:00 PM. The chief guest gave us information on research skills. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- To obtain an in-depth understanding of various recent pedagogy of Law, Social Science, Engineering Science, Management skills, effective teaching skills and of course research skills.
- To enhance the knowledge of evaluation standards and practices
- To improve the research capabilities by understanding the elements of a good research
- To improve the faculty development in all aspect whether it is in personal development or professional development

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- One of the important seminar outcome was to clearly understand whilst reflect upon and reconsider the role of teacher in higher education, and consider and evaluate why and how authentic learning and assessment can produce more productive learning.
- Not only that attendees were also understood how, when and why to do the research and how can increase his to her research skills which has utmost importance in present scenario.
- People also came to know about the learning Outcomes and inter relationship between learning outcomes, assessment tasks and teaching & learning activities including role of assessment in higher education.
- Overall the seminar was very fruitful to gather the ample knowledge about the recent trend in teaching and research skills and how a faculty can prepare himself or herself with respect to the toasts emerging technological world.

INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

A One Day Seminar

on

**“Procedure for filing patent
(National and International)”**

July 18th 2022

Organized by

CHAITANYA ENGINEERING COLLEGE (CEC)
Kommadi, Madhurawada,
Visakhapatnam-530048
Andhra Pradesh, INDIA

visit us at www.cec.ac.in

PRINCIPAL
CHAITANYA ENGINEERING COLLEGE
Kommadi, Visakhapatnam - 530 048

OBJECTIVE:

A one day administration seminar on "procedure for filing a patent (national and international) aims at steps or process of filing a patent. Also will be discussing about Technical issues, case studies. Totally this seminar gives complete understanding about patent rights and the process for filing a patents.

The objective of the program is regarding :

- Generation of new knowledge
- Meaning of patent
- Advantages of patent
- Requirement of patents
- Objectives of patent act

TOPICS TO BE COVERED:

- Objectives of patents
- Advantages of patent system
- Main objective of IPR
- 5 Requirements of patents
- Objective of patent right
- Process of patent in INDIA
- Objectives of patent law
- 8 steps in the patent process

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **10-07-2022.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 19-07-2022

One day seminar was conducted on “procedure for filing a patent (national and international) on 18th July 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:00 AM. The chief guest gave us a clear step by step process of filing the patents, importance of patents, laws. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The main objective of the seminar is to address the importance of the patent filing procedure in a proper way.
- Since after getting clarity over the invention, and patent search the inventor must make sure that the patent should be filed in a proper way in a govt patent office. Theorem the whole process was smoothly discussed was fulfilled another objective of the seminar. Therefore the clear understanding were trying to develop among the attendees regarding its huge importance.

Once everything was done then at the final stage gown to file the patent in any of the govt. patent office was also another objective to discuss

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this process is of paramount importance in today’s invention and patentability world thus it developed a lots of interests among the attendees to learn it.
- When an inventor obtains a patent they secure the right to exclude others from using, making and selling their product or method of use for 20 years while maintaining the right to sell the item exclusively and for a higher price

OBJECTIVE:

A one day administration seminar on research methodology. Research methodology is a way to systematically solve the research problem. It may be understood as a science of studying how research is done scientifically.

The objective of the program is :

- To generate new knowledge
- To gain familiarity
- To develop a new insight into some phenomenon
- It should contain a clear statement
- Explanation of the methodology adopted in accomplishing the research

TOPICS TO BE COVERED:

- Principals in research methodology
- Importance of research
- Scope of research methodology
- Features of reaserch methodology
- 10 benefits of research

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **30-06-2022.** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 06-07-2022

One day seminar was conducted on “faculty development programme on research methodology” on 5th July 2022 in seminar hall, ABDUL KALAM BLOCK. The session started at 4:30 PM. The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research , various research tools and method floozies,
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.
- Traditionally, a seminar paper will consist of 4 major sections. Introduction, background, analysis, conclusion. This section contains a brief outline to follow, but each subsection is examined in detail in the subsequent pages

INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

PRINCIPAL
CHAITANYA ENGINEERING COLLEGE

Kommadi, Visakhapatnam - 530 048

OBJECTIVE:

A seminar will be conducted on patent filing and drafting. Patent filing includes any application on patent whether provisional or non provisional filed and/or granted anywhere in the world.. The objective of the program is –

To discuss regarding importance of patent

To generate new knowledge

To protect and safeguard intellectual products

TOPICS TO BE COVERED:

- Need of patent filing
- What happen when a patent if filed
- 3 types of patents
- Steps for filing a patent
- Who is eligible to file a patent
- How to file a patent in India
- Requirements of patents.

ELIGIBILITY:

Faculty members of Engineering are eligible.

REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **20-06-2022** They must be submitted, in original, at the time of attending the program.

PROGRAM REPORT

DATE: 28-06-2022

One day seminar was conducted on “patent filing and drafting “on 27th June 2022 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The objective of the seminar was to give an awareness on Intellectual Property Rights focusing on Patent Drafting and Filing Procedure to enhance the knowledge of evaluation standards and practices
- To better understand the interrelationship between patent filing, drafting and research work.
- To brief about the importance of the patent and when to go for it and when not a brief borderline discussion was also another objective
- In summary the basic objective is to make aware the attendees not only about the patent filing and drafting but to make sure that they should understand the basic utility of it in tides advanced technological worlds.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

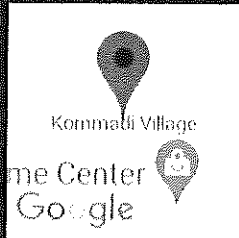

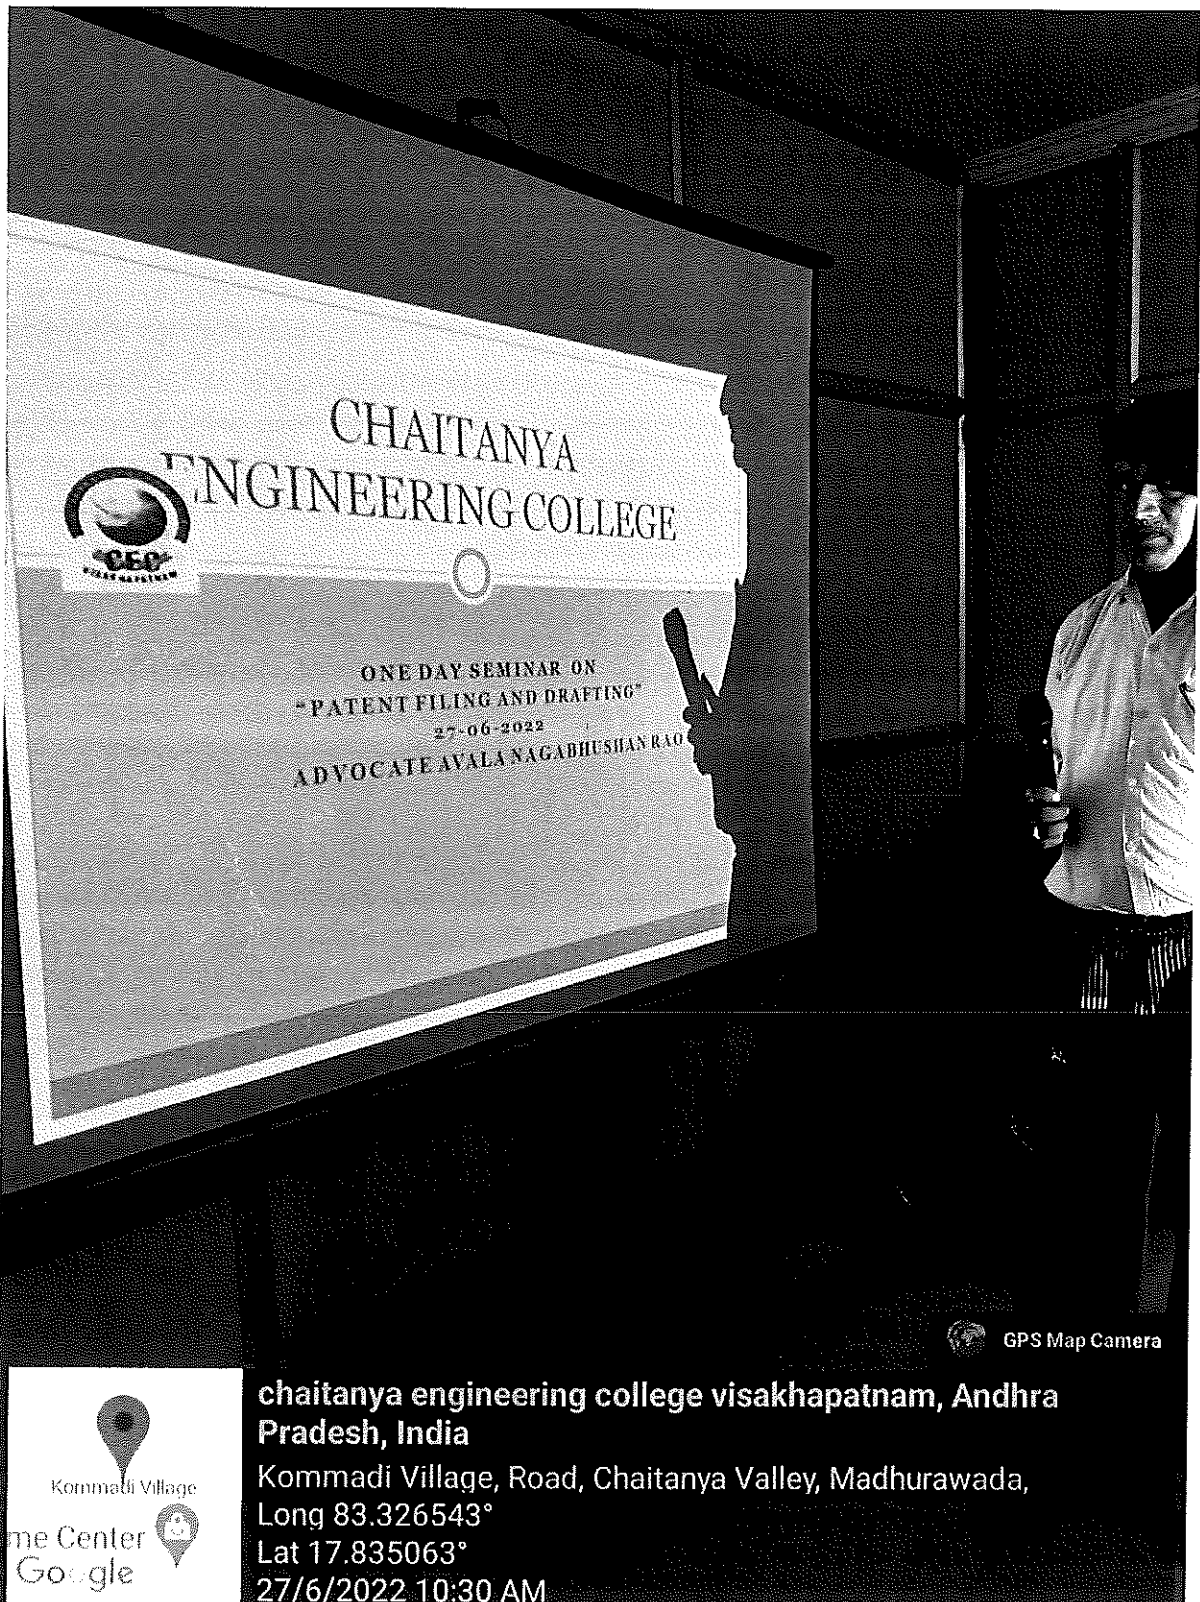

- The outcome of the seminar was that the students could understand the awareness on the importance of Intellectual Property Rights (IPR) and the procedure to draft a Patent and filing the patent
- Overall the seminar was very fruitful to gather the ample knowledge the importance of Intellectual Property Rights (IPR) and the procedure to draft a Patent and filing the patent which is absolutely necessary to understand especially in today’s emerging technological world.
