### **OBJECTIVE:**

A one day administration seminar on research methodology. Research methodology is a way to systematically solve the research problem. It may be understood as a science of studying how research is done scientifically.

The objective of the program is:

- To develop analytical skills amongst the participants to enable them to tackle myriads of problem
- The programme goal is to improve the academic and intellectual environment in the situation
- To generate great knowledge
- To develop strategies for motivating and engaging employees

### TOPICS TO BE COVERED:

- Identification of the research problem
- Review of literature
- Quantitative, Qualitative and mixed research methodologies
- Ethical practices in writing and publications
- Writing PhD thesis
- Writing up research proposal, research papers and publication process
- Case study method

### **ELIGIBILITY:**

Faculty members of Engineering are eligible.

### **REGISTRATION:**

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before 20-05-2022.` They must be submitted, in original, at the time of attending the program.

### PROGRAM REPORT

DATE: 26-05-2022

One day seminar was conducted on "Faculty development programme on research methodology on 26<sup>th</sup> May 2022 in seminar hall, ABDUL KALAM BLOCK. The session started at3:40 PM. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.
- It is also mentioned that it should contain a clear statement of the objective of the research and an explanation of the methodology adopted in accomplishing the research.
- Research methodology is a way of explaining how a researcher intends to carry out their research. It's a logical systematic plan to resolve a research problem. A methodology details a researcher approach to the research to ensure reliable valid results that address their aims and objectives.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills.
- The objective of methods is to find solution to the research problem. The objective of methodology is to determine appropriateness of the methods applied with a view to ascertain solution.
- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query
  of the young minds was really a brainstorming session which will definitely help them
  in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research, various research tools and method floozies,
- It was a motivational talk for the budding researchers. Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

### **OBJECTIVE:**

A one day administration seminar on CRITICAL ENTREPRENEURS. On starting new firms and businesss, entrepreneurs play a key role in shaping the economy and creating a more dynamic and diverse business landscape. Enterpreneurship also promotes innovation and competition, leading to new and improved products and services that contribute to economic growthand development

The objective of the program is:

- To make informed decisions
- Adapt to changing circumstances
- To pivot their business strategy if necessary
- Financial management skills are also critical
- Need to be able to manage cash flow
- Make financial projects
- To secure financing if necessary

### **TOPICS TO BE COVERED:**

- Creative and critical thinking
- Effective knowledge and financial
   knowledge
- · Stress and time management
- · Concepts of enterpreneurship
- Critical elements of enterpreneurship

### **ELIGIBILITY:**

Faculty members of Engineering are eligible.

### PROGRAM REPORT

DATE: 22-04-2022

One day seminar was conducted on "Critical entrepreneurs" on 21<sup>th</sup> April 2022 in seminar hall, ABDUL KALAM BLOCK. The session started at 4:30 PM. The chief guest gave us information about importance of entrepreneurship, and problems that they are facing in day to day life". The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- In the present scenario, the world is in the midst of a new wave of economic development with entrepreneurship and innovation as the catalysts. Therefore to compete here you need to have critical thinking while emerging as young entrepreneurs. Therefore the basic objective of this seminar is to develop the critical thinking process which is basically a cognitive process that involves evaluating information, identifying assumptions, analyzing arguments, and drawing logical conclusions.
- Entrepreneurship importance lies in the following: drives economic growth and creates new job. Encourages innovation by bringing new ideas, products, and services to the market. Contributes to social change by developing products or services that reduces people dependence on outdated technologies.
- To draw the direct attention onto topics which, though important or critical but have not been studied in sufficient depth
- In conjunction with research that seeks to identify factors that are crucial (or critical) for the success of entrepreneurial ventures was also another objective to develop in the young minds.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really an emerging topic thus it became a lots of inspiration for young entrepreneurs.
- Question answer session on the different topic on critical thinking was really a brainstorming session which will definitely help them in their coming future.
- The critical thinking was demonstrated by citing few examples which made them more aware about this topics

• The most important outcome of this seminar was that once it was over every young minds were able to speak about critical thinking by deriving their deep thoughts only which will help them to shape their career as a successful critical entrepreneur.

### **OBJECTIVE:**

A one day administration seminar on research methodology. Research methodology is a way to systematically solve the research problem. It may be understood as a science of studying how research is done scientifically.

The objective of the program is:

- To develop analytical skills amongst the participants to enable them to tackle myriads of problem
- The program goal is to improve the academic and intellectual environment in the situation
- To generate great knowledge
- To develop strategies for motivating and engaging employees
- TOPICS TO BE COVERED:
- Objectives of GDP on research methodology
- Five parts of research methodology
- Chapters in research methodology

### **ELIGIBILITY:**

Faculty members of Engineering are eligible.

### **REGISTRATION:**

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before 20-01-2022.` They must be submitted, in original, at the time of attending the program.

### **PROGRAM REPORT**

ĎATE: 29-01-2022

One day seminar was conducted on "Faculty development program RESEARCH METHODOLOGY on 28<sup>th</sup> January 2022 in seminar hall, ABDUL KALAM BLOCK. The session started at 4:00 PM. The chief guest gave us a valuable information on latest technologies for smart teaching. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research
  methodology which is grossly defined as the systematic method to resolve a research
  problem through data gathering using various techniques, providing an interpretation
  of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.
- It is also mentioned that it should contain a clear statement of the objective of the research and an explanation of the methodology adopted in accomplishing the research.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

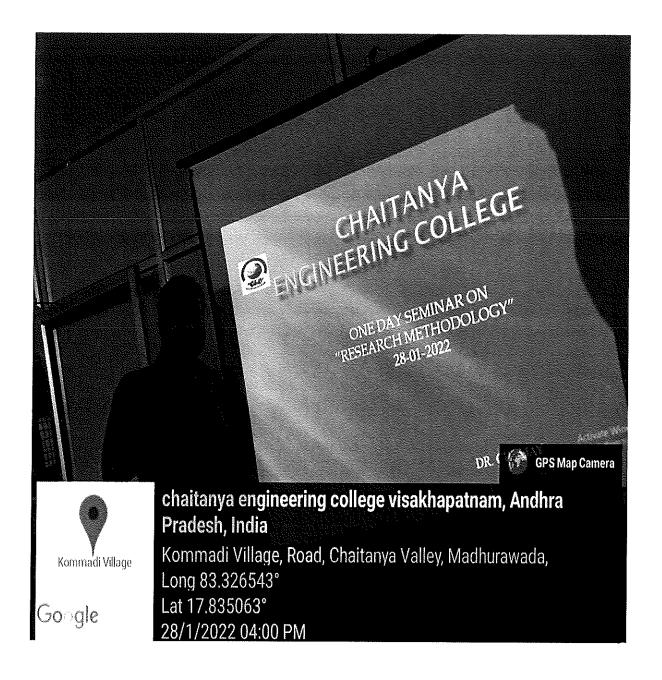

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills.
- The objective of methods is to find solution to the research problem. The objective of methodology is to determine appropriateness of the methods applied with a view to ascertain solution.

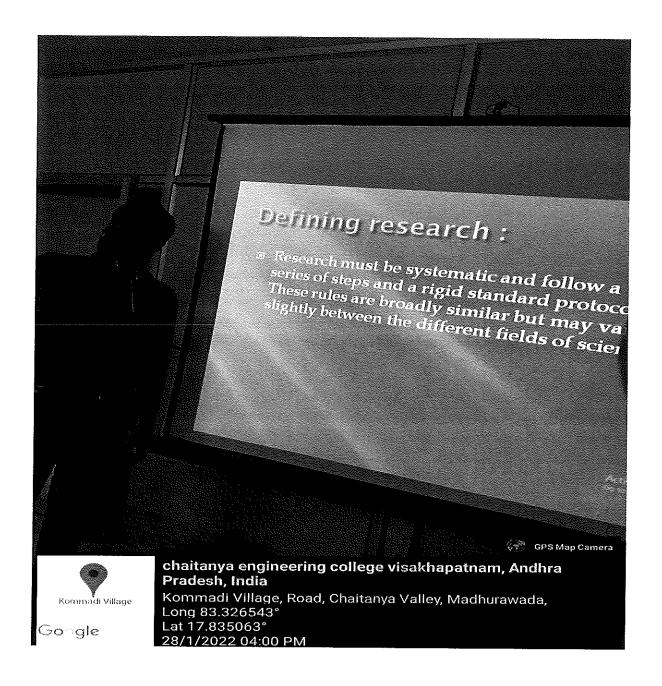

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research, various research tools and method floozies.
- It was a motivational talk for the budding researchers . Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

#### PROGRAM REPORT

DATE: 30-12-2021

One day seminar was conducted on "employee performance the effect of corporate enterprise training initiatives " on 28th December 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 2:30 PM.. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

#### Objective of the Seminar:

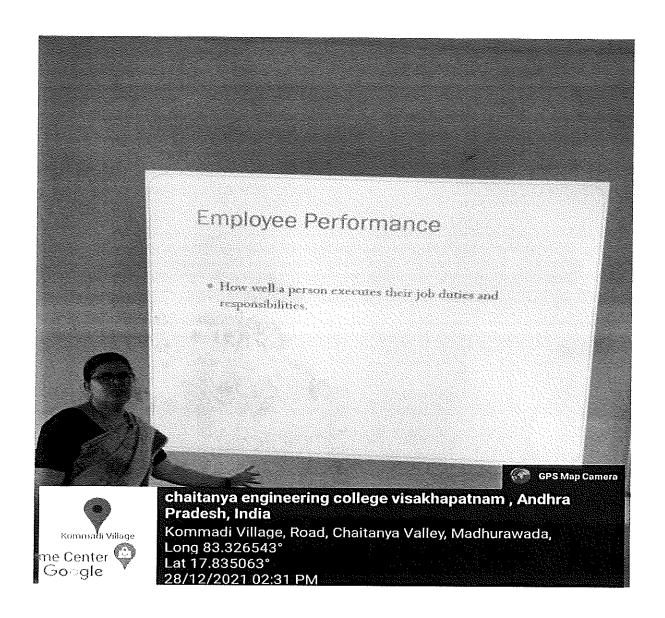

- Since employee is a blood stream of any business and the accomplishment or disaster of the firm depends on its employee performance. Therefore the objective of this seminar is to make aware enough especially the top management regarding the importance of investing in training and development for the sake of the good health of the corporate enterprises.
- Detailed discussion regarding different affecting parameter was also another objective to discuss
- Demonstration of real examples where employee trading was crucial was also another objective of the seminar.
- When employee have initiatives they are more likely to be proactive and take action on tasks or projects. This leads to better productivity and overall higher levels of satisfaction in the workplace

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

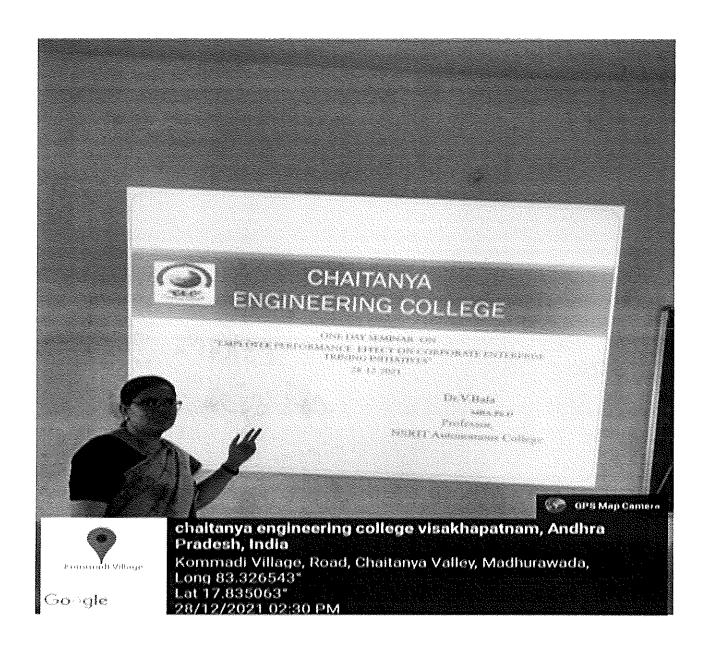

- Since this process is of paramount importance in today's technological world thus it developed a lots of interests among the attendees to learn it, especially for the top management.
- In summary they got ample knowledge regarding the importance of employee training and how it can be utilized in proper way to grow the corporate enterprises successfully.

#### PROGRAM REPORT

DATE: 10-12-2021

One day seminar was conducted on "Awareness of Disha app "on 9<sup>th</sup> December 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:00 PM. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The main objective of this seminar to explore the different aspect of the Entrepreneurial culture that has been defined as the attitude, values, skills, and power of a group or individuals working in an institute or an organization to generate income.
- The seminar also shed a light on the success of any organization which directly affects the entrepreneurial culture.
- The detailed discussion was also another objective of the seminar so that the young
  entrepreneurs could easily grab the basic importance of the fundamental cultures
  which can rise to any organization to sky height kevel while its negative effect can
  demolish it also. So both negative and positive aspects were discussed.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this is a really a profound topic to discuss thus it became developed a lots of cultural knowledge for young entrepreneurs.
- Question answer session on the different topic on Culture of entrepreneurship was really a brainstorming session which will definitely help them in their coming future.
- Refers to the way of embracing the concept of finding new opportunities in business and gathering the necessary resources to fill the opportunity.

#### **INSTITUTION:**

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada, The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE. MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

CHAITANYA ENGINEERING COLLEGE Kommadi, Visakhapatnam - 530 048

#### **OBJECTIVE:**

A one day seminar on "Research Methodology" aims the specific procedures or techniques used to identify, select, process and analyze the information about a topic to carry out research objective of the program is to teach:

- Meaning of research methodology
- Advantages of research methodology for faculties
- Requirement of research methodology
- Objectives of research paper

#### **TOPICS TO BE COVERED:**

- Objectives of Research Methodology
- Advantages of research Methodology
- Types and Techniques of research
   methodology
- Data collection methods
- Data Analysis methods

#### **ELIGIBILITY**:

Faculty members of Engineering are eligible.

#### **REGISTRATION:**

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before 01-11-2021 They must be submitted, in original, at the time of attending the program.

#### PROGRAM REPORT

DATE: 11-11-2021

One day seminar was conducted on "Faculty development program on research methodology on 11<sup>th</sup> November 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 4:30 PM. program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

#### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.
- It is also mentioned that it should contain a clear statement of the objective of the research and an explanation of the methodology adopted in accomplishing the research.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills.
- The objective of methods is to find solution to the research problem. The objective of methodology is to determine appropriateness of the methods applied with a view to ascertain solution.
- Research aims at adding to the existing stock of knowledge for the betterment of the world.
- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.

- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- Brief understanding of the topic help them to understand that interrelationship between research, various research tools and method floozies,
- It was a motivational talk for the budding researchers. Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

#### PROGRAM REPORT

DATE: 23-10-2021

One day seminar was conducted on "Importance of IPR in modern global economic environment "on 23<sup>th</sup> October 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The chief guest gave us a valuable information on introduction and importance of IPR in modern global economic environment". The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

#### Objective of the Seminar:

- Since one of the most important goals of IPRS is to stimulate investments in better product quality, which is typically a prerequisite for entering export markets. IPRS can help with marketing efforts that increase product demand and allow for increase in production scale of developing economies. Therefore keeping view of these aspects the main objective of the seminar is to address the importance of IPR in modern global economic environment
- Intellectual Property Rights have an impact on the processes of economic development and progress, which are influenced by a variety of circumstances therefore different parameters that can influence it also was one of the objective of the seminar
- Overall clear understanding of the subject in a lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this topic is of paramount importance in today's economically developing world where developing economies are thinking out of the box thus the seminar left a huge impact on the attendees with lots of knowledge to learn
- How IPR help to develop a economically bright nation and how to use it in a proper direction was discussed properly and this led to create a clear picture in the mind of the attendees regarding the huge importance of it.

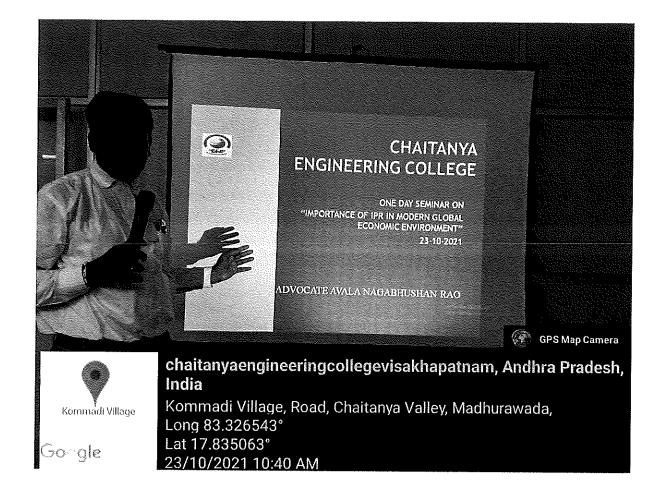

- Question answer session on the different aspect of this topic helps them to understand the importance of this topic minutely and this will definitely help them to utilize the knowledge in near future.
- IPR promotes innovation which leads economic growth. Creation of innovation is the primary activity of each and every business in world now a days. The countries are now promoting their business through providing the importance of IPR laws

### **OBJECTIVE:**

A one day seminar on "Research Methodology" aims at the specific procedures or techniques used to identify, select, process and analyze the information about a topic. The objective of the program is to teach:

Meaning of research.

- methodology
- Advantages of research methodology
- Requirement of research paper
- Objectives of research paper

### **TOPICS TO BE COVERED:**

- Objectives of research methodology
- Advantages of research methodology
- Types and techniques of research methodology
- Data collection methods
- Data Analysis methods

### **ELIGIBILITY:**

Faculty members of Engineering are eligible.

### **REGISTRATION:**

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before 13-09-2021 They must be submitted, in original, at the time of attending the program.

### PROGRAM REPORT

DATE: 21-09-2021

One day seminar was conducted on "Research methodology "on 20<sup>th</sup> September 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:30 PM.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.
- It is also mentioned that it should contain a clear statement of the objective of the research and an explanation of the methodology adopted in accomplishing the research.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills.
- The objective of methods is to find solution to the research problem. The objective of methodology is to determine appropriateness of the methods applied with a view to ascertain solution.
- Research aims at adding to the existing stock of knowledge for the betterment of the world.
- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.

 Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.

It was a motivational talk for the budding researchers . Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar

### PROGRAM REPORT

DATE: 09-09-2021

One day seminar was conducted on "introduction to intellectual property right on 09<sup>th</sup> September 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM.. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar: IPR is nor a new topic to organize seminar however it needs to be addressed in separate aspect to understand it crystal clear in both research and its implication in the property rights of the stakeholders. Therefore the main objective of the seminar was to make aware enough the young minds to brief about the integral property rights or IPR and nad its application in research and development.

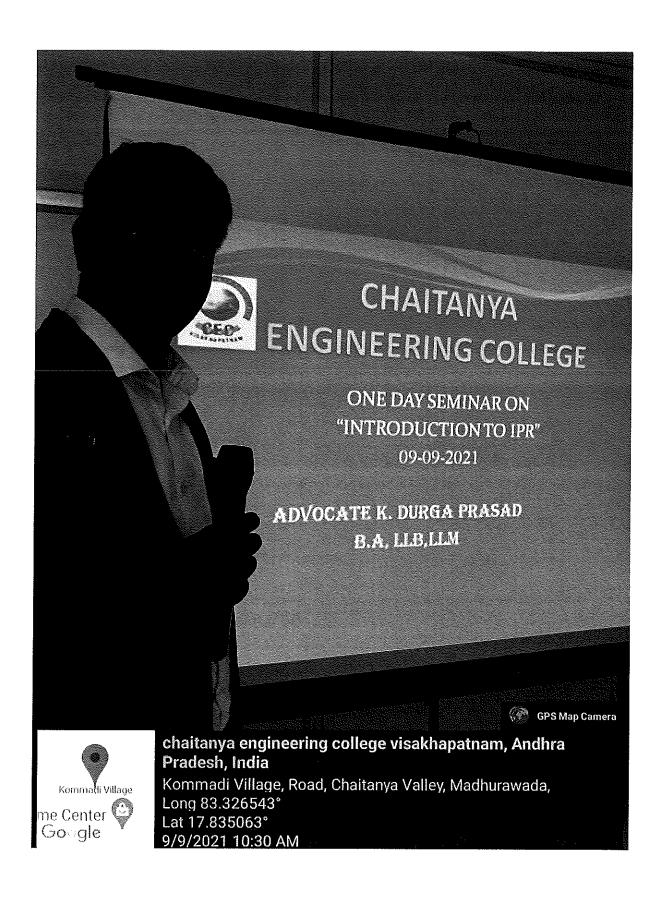

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The eminent speakers gave the introduction about IPR or Intellectual property rights from the grassroots level because although this topic is well known however it has not reached to the mass audience in true send. Therefore the young minds who attended the seminar returned home with a basic understanding of IPR in a lucid manner
- This topic is very much correlated either the research and development so from this pint of view speaker has addressees its application in R and D field.
- Finally this topic has been clearly elaborated with respect to the perception of Patent related details and theory utility in Indian research system.
- In summary the people who were present given a brief introduction of IPR and its application in Research and development field.
