PROGRAM REPORT

DATE: 13-02-2021

One day seminar was conducted on "Identifying the major drivers of entrepreneurial growth" on 12<sup>th</sup> February 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 4:30 PM. The chief guest addressed us and gave information about what is entrepreneurial growth, and how it is affected. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- Since successful entrepreneurial activities and that led to make an quality entrepreneur is very much related to the growth of the economy of any nation, therefore the topic identifying the major drivers of entrepreneurial growth is of utmost importance in detail to discuss was one of the prime objective of the seminar.
- Entrepreneurial Drivers" refer to those factors that induce or influence a person to undertake entrepreneurial activities, and thus make an entrepreneur. The detailed factors were the another objective to discuss
- Some of the crucial entrepreneurial drivers were discussed during the seminar fulfils another objective of the seminar

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

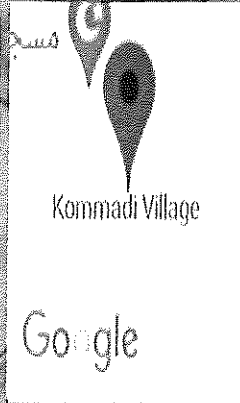

- After this seminar attendees got the clear idea of Entrepreneurial Drivers
- Since this is an emerging topic most of the attendees were found very much enthusiastic to grab this topic which was a good sign as may be few of them would be a successful entrepreneurs in near future.

FACTORS AFFECTING  
ENTREPRENEURIAL GROWTH

- The emergence and development of entrepreneurship is not a spontaneous one but a dependent phenomenon of economic, social, political.
- These conditions may have both positive and negative influence on the emergence of entrepreneurship.
- For analytical purposes, these conditions/factors are grouped and discussed.

### OBJECTIVE:

A one day administration seminar will be conducted on research methodology. Research methods are the strategies processes or techniques utilized in the collection of data or evidence for analysis in order to uncover any information or create better understanding of a topic .

The objective of the program is :

- To generate new knowledge
- Develop better insight into topic
- Provide systematic structures
- Enhance the research quality
- Derive better solutions
- 

### • TOPICS TO BE COVERED:

- Definition of research methods
- Research in broad definition
- Definition of research methods in education
- Case study in research areas
- How to choose the title
- Plagiarism checks

### ELIGIBILITY:

Faculty members of Engineering are eligible.

## PROGRAM REPORT

DATE: 30-1-2021

One day seminar was conducted on “faculty development program on research methodology “on 30<sup>th</sup> January 2021 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:30 PM.. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.
- It is also mentioned that it should contain a clear statement of the objective of the research and an explanation of the methodology adopted in accomplishing the research.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills.
- The objective of methods is to find solution to the research problem. The objective of methodology is to determine appropriateness of the methods applied with a view to ascertain solution.
- Research aims at adding to the existing stock of knowledge for the betterment of the world.

PROGRAM REPORT

DATE: 24-12-2020

One day seminar was conducted on "BUSINESS ENVIRONMENT AND ENTREPRENEURSHIP" on 24<sup>th</sup> December 2020 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- Since Cloud Technologies can Create A More Flexible Work Environment. Therefore these technologies are able to create a more flexible work environment that is important for entrepreneurs. These technologies reduce the need for an on-site office, allowing you to work from any location, including your home or mobile device. Therefore the main objective of the seminar is to address the importance of these necessary technologies which help them to shape their career in a better way than what it was before.
- To do a demonstration was also another objective of this seminar to better grab these technologies.
- It seeks to protect the rights of IP owners to enable them to reap the rewards of their creativity.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this process is of paramount importance in today's technological world thus it developed a lot of interests among the attendees to learn it.
- Question answer session and demonstration on the different aspect of this topic help them to understand the process nicely.
- 7 core objectives with a number of actionable steps to be implemented by nodal departments, in coordination with other departments in coordination with other department

PROGRAM REPORT

DATE: 14-12-2020

One day seminar was conducted on “research methodology” on 14<sup>th</sup> November 2020 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The chief guest addressed us and gave a valuable information on publications of papers . The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

## PROGRAM REPORT

DATE: 20-11-2020

One day seminar was conducted on "INDIAN SCENARIO OF IPR" on 19<sup>th</sup> November 2020 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 11:30 AM.. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The main objective of the seminar is to make educate the people regarding the Indian scenario of IPR.
- How IPR can be driving force to change the economy of our nation and how much we are successful till date was also nether objective to discuss
- A detailed discussion regarding scenario of IPR post independence to till date and its development in our country was another objective of the seminar.
- It seeks to protect the rights of IP owners to enable them to reap the rewards of their creativity
- Intellectual property rights are legal rights governing the use of creations of the human mind.
- The recognition and protection of these rights is of recent origin. Patents design and trademarks are considered as industrial property

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

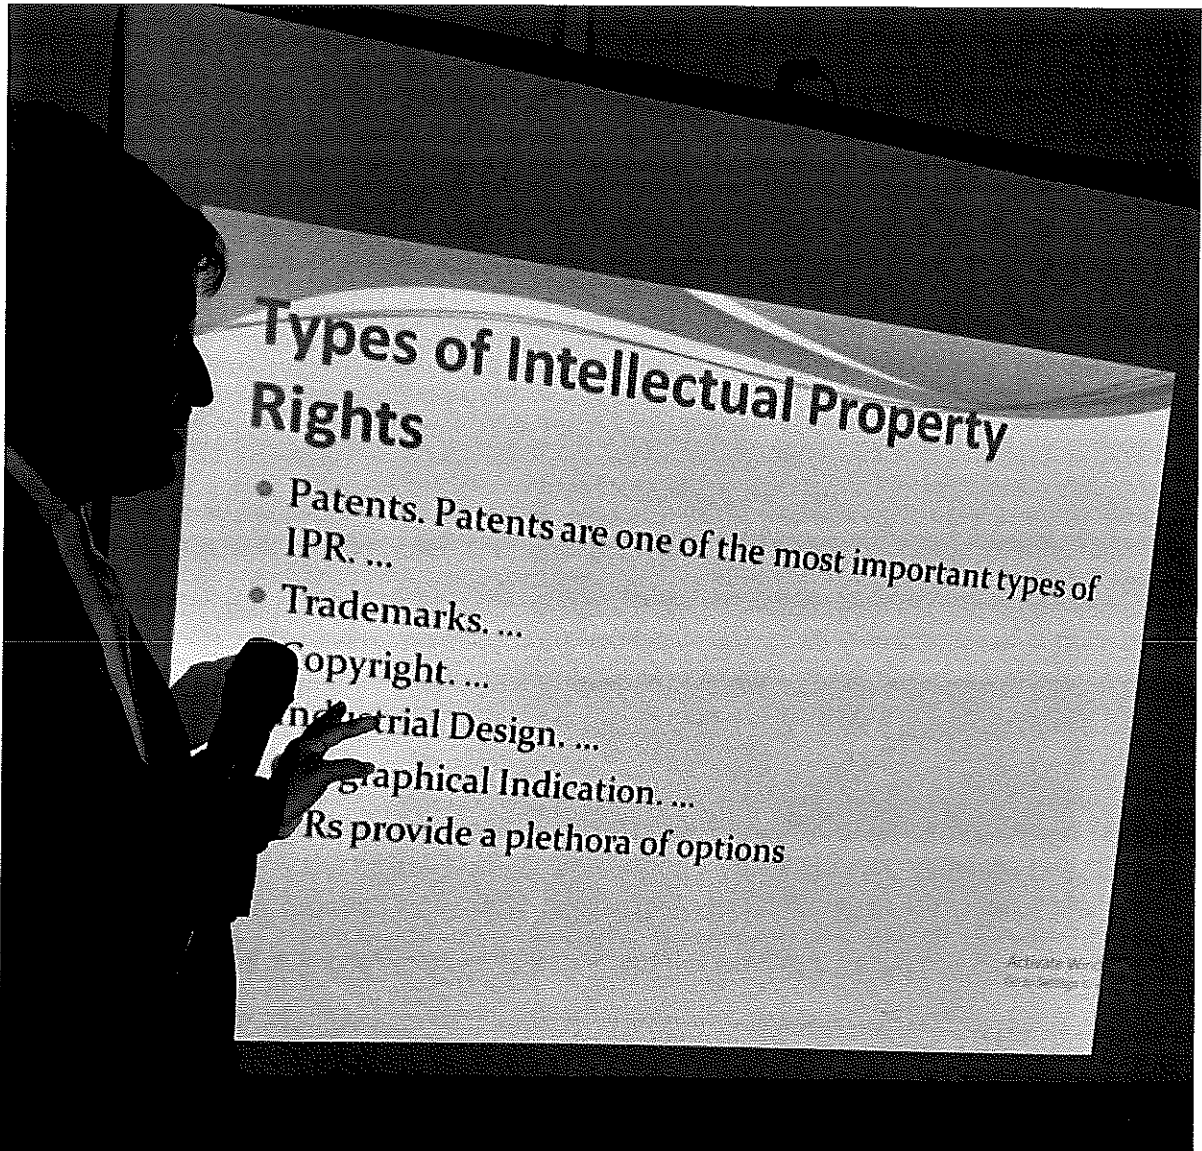

- After this seminar attendees got the clear idea of IPR with respect to the Indian Scenario
- Lack of IPR awareness results in the death of inventions, high risk of infringement, economic loss and decline of an intellectual eta in the country.

## INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

PROGRAM REPORT

DATE: 13-11-2020

One day seminar was conducted on “faculty development program on research methodology “on 12<sup>th</sup> November 2020 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 12:30 PM. The program ended with the speech of the principal. He thanked the chief guest and the staff for making the program grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The session shared a very brief description the need for the development of research objectives
- The resource person share the knowledge of differences between general objectives and specific objectives of the research skills
- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

## PROGRAM REPORT

DATE: 4-11-2020

One day seminar was conducted on “importance of IPR in modern global economic environment “on 4<sup>th</sup> November 2020 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 11:30 AM. The chief guest addressed us by valuable information regarding importance of IPR in global economic environment. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- Since one of the most important goals of IPRS is to stimulate investments in better product quality, which is typically a prerequisite for entering export markets. IPRS can help with marketing efforts that increase product demand and allow for increase in production scale of developing economies. Therefore keeping view of these aspects the main objective of the seminar is to address the importance of IPR in modern global economic environment
- Intellectual Property Rights have an impact on the processes of economic development and progress, which are influenced by a variety of circumstances therefore different parameters that can influence it also was one of the objective of the seminar
- Overall clear understanding of the subject in a lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this topic is of paramount importance in today’s economically developing world where developing economies are thinking out of the box thus the seminar left a huge impact on the attendees with lots of knowledge to learn
- Question answer session on the different aspect of this topic helps them to understand the importance of this topic minutely and this will definitely help them to utilize the knowledge in near future.
