PROGRAM REPORT

DATE: 12-04-2019

One day seminar was conducted on "Culture of entrepreneurship" on 11<sup>th</sup> April 2019 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:40 PM. The chief guest gave us information on culture of entrepreneurship. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

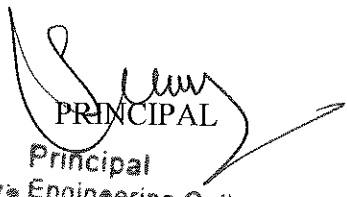

Objective of the Seminar:

- The main objective of this seminar to explore the different aspect of the Entrepreneurial culture that has been defined as the attitude, values, skills, and power of a group or individuals working in an institute or an organization to generate income.
- The seminar also shed a light on the success of any organisation which directly affects the entrepreneurial culture.
- The detailed discussion was also another objective of the seminar so that the young entrepreneurs could easily grab the basic importance of the fundamental cultures which can rise to any organisation to sky height level while its negative effect can demolish it also. So both negative and positive aspects were discussed.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this is a really a profound topic to discuss thus it became developed a lots of cultural knowledge for young entrepreneurs.
- Question answer session on the different topic on Culture of entrepreneurship was really a brainstorming session which will definitely help them in their coming future.
- The both positive and negative effect of entrepreneurship culture was discussed therefore the young minds clearly allowed themselves to understand it a lucid manner regarding the excellent and worst outcomes of it, respectively. This will really help them to work successfully in any of the cultural well organised institutions.

## PROGRAM REPORT

DATE: 29-03-2019

One day seminar was conducted on "Critical entrepreneurs" on 28<sup>th</sup> march 2019 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The chief guest gave us effective information about critical entrepreneurs and latest ideas for start-ups. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

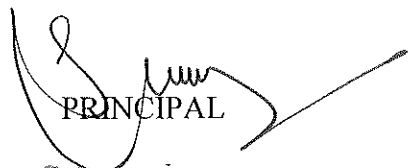

Objective of the Seminar:

- In the present scenario, the world is in the midst of a new wave of economic development with entrepreneurship and innovation as the catalysts. Therefore to compete here you need to have critical thinking while emerging as a young entrepreneurs. Therefore the basic objective of this seminar is to develop the critical thinking process which is basically a cognitive process that involves evaluating information, identifying assumptions, analyzing arguments, and drawing logical conclusions.
- To draw the direct attention onto topics which, though important or critical but have not been studied in sufficient depth
- In conjunction with research that seeks to identify factors that are crucial (or critical) for the success of entrepreneurial ventures was also another objective to develop in the young minds.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really an emerging topic thus it became a lots of inspiration for young entrepreneurs.
- Question answer session on the different topic on critical thinking was really a brainstorming session which will definitely help them in their coming future.
- The most important outcome of this seminar was that once it was over every young minds were able to speak about critical thinking by deriving their deep thoughts only which will help them to shape their career as a successful critical entrepreneur.

## PROGRAM REPORT

DATE: 22-02-2019

One day seminar was conducted on "Research methodology" on 21<sup>th</sup> February 2019 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The chief guest gave us information how to collect paper for given research topic, and how to draft the information from the papers. The programme ended with speech of principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

## PROGRAM REPORT

DATE: 09-09-2018

One day seminar was conducted on "Research methodology" on 07<sup>th</sup> September 2018 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 3:40 PM. The chief guest gave us information about introduction, need of study literature review, need and importance of paper publications. The programme ended with speech of principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

### Objective of the Seminar:

- The principal objective of the seminar was to give an awareness on research methodology which is grossly defined as the systematic method to resolve a research problem through data gathering using various techniques, providing an interpretation of data gathered and drawing conclusions about the research data.
- The other objective of the seminar was to make the attendees to understand the different types of research methodology and how a research can be designed based on the information they might have
- By picking up a real example they were demonstrated the search solving ability so that they can understand it in lucid manner.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

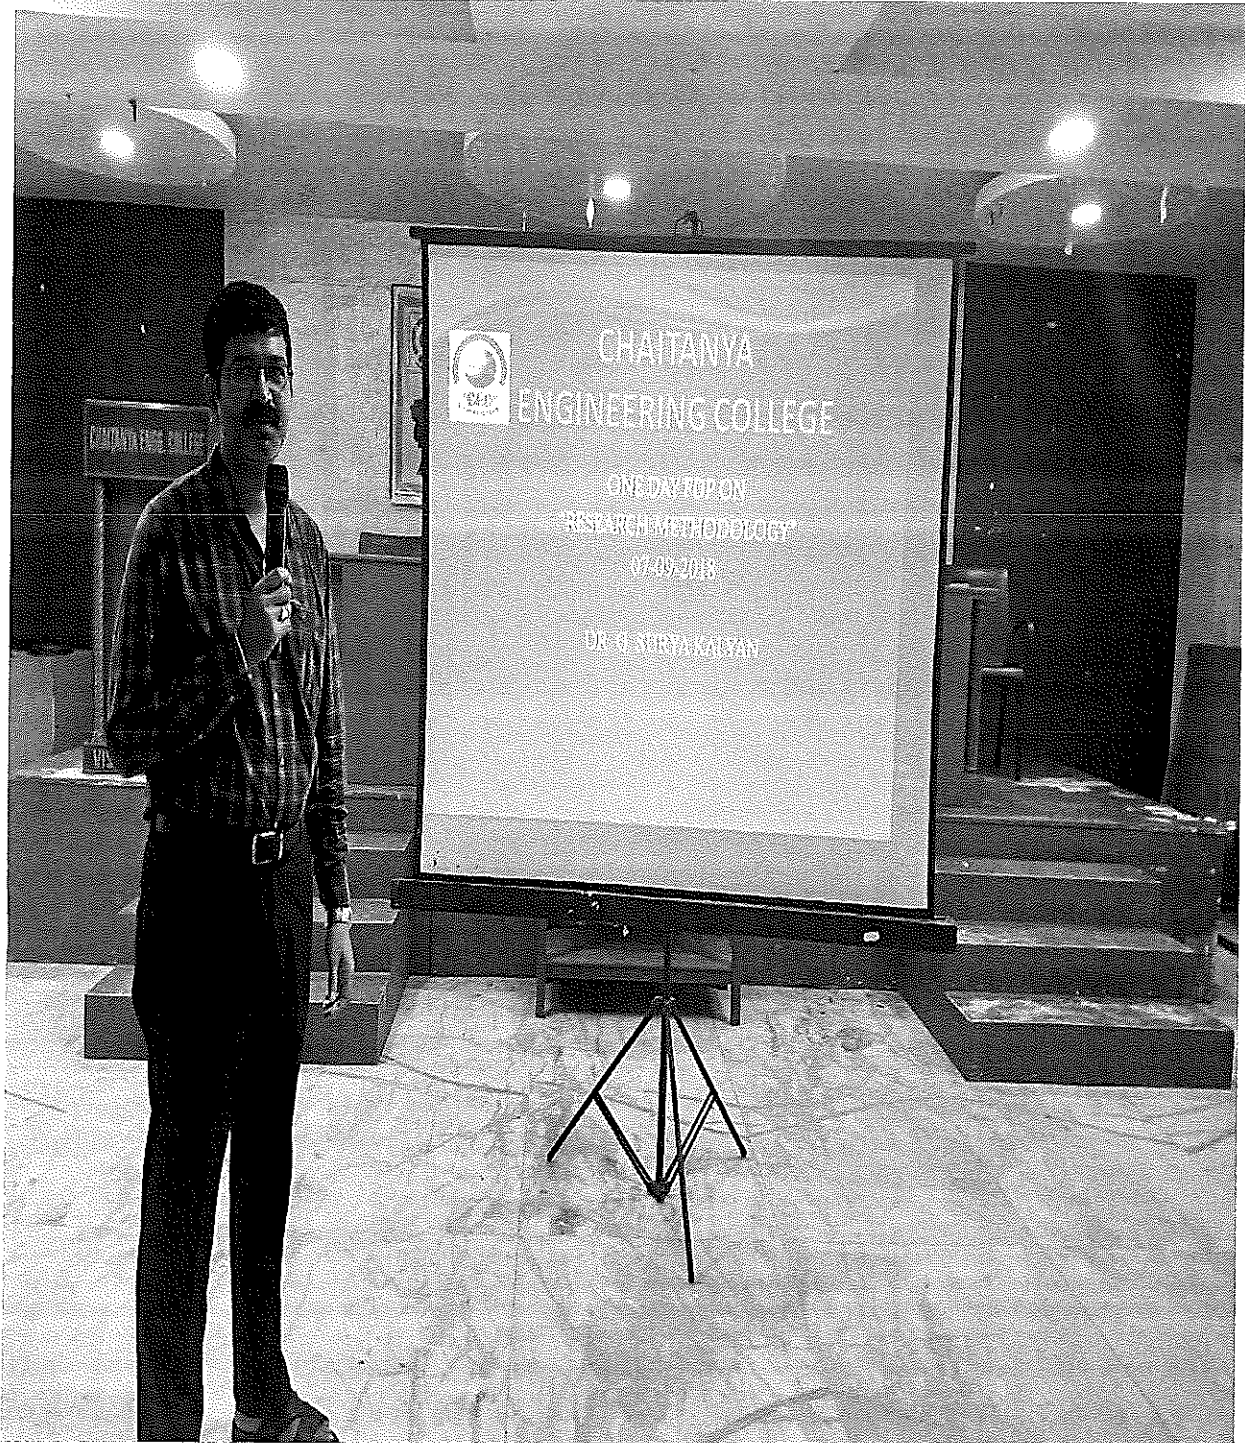

- Since this was a really interesting topic related to the research that has a unique academic touch so this was a lots of inspiration of the young learners.
- Question answer session on the different topic on research methodology and the query of the young minds was really a brainstorming session which will definitely help them in theory coming future.
- It was a motivational talk for the budding researchers .Everyone attended the seminar came to know of different available research methodologies, new emerging research and thus creation of new knowledge was the fruitful outcome of this seminar.

## PROGRAM REPORT

DATE: 14-08-2018

Two day seminar was conducted on “patent filing and drafting” on 13<sup>th</sup> August 2018 and 14<sup>th</sup> August 2018 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:30 AM. The chief guest gave us very good information patent filing procedure and drafting that are required for patent. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar:

- The objective of the seminar was to give an awareness on Intellectual Property Rights focusing on Patent Drafting and Filing Procedure to enhance the knowledge of evaluation standards and practices
- To better understand the interrelationship between patent filing, drafting and research work.
- To brief about the importance of the patent and when to go for it and when not a brief borderline discussion was also another objective
- In summary the basic objective is to make aware the attendees not only about the patent filing and drafting but to make sure that they should understand the basic utility of it in tides advanced technological worlds.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

- The outcome of the seminar was that the students could understand the awareness on the importance of Intellectual Property Rights (IPR) and the procedure to draft a Patent and filing the patent
- The attendees were demonstrated the whole procedure by taking a research publication for example and how to draft it and this whole process was a big outcome for them wit respect to a real time experience,

**CHAITANYA ENGINEERING COLLEGE**  
Approved by AICTE, New Delhi, Affiliated to JNTU, Kakinada  
Chaitanya Valley, Kommadi, Madhurawada, Visakhapatnam-48

- They also got an idea of how these patents can also be commercialized with the help of the institution.
- Overall the seminar was very fruitful to gather the ample knowledge the importance of Intellectual Property Rights (IPR) and the procedure to draft a Patent and filing the patent which is absolutely necessary to understand especially in today's emerging technological world.

## INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

### OBJECTIVE:

A one day seminar on "Faculty Development Program on effective training and research skills" will be conducted. Research methodology is a way of explaining how a researcher intends to carry out the research. It is a logical, systematic plan to resolve a research problem. The objective of the program is -

To generate new knowledge

To gain familiarity

To develop a new insight into some phenomenon

To investigate some existing situation or problem

### TOPICS TO BE COVERED:

- Logic of inquiry ( qualitative and quantitative)
- Research setting and participants
- Method and procedure of data collection
- Method and procedure of data analysis
- Ethical issues

### ELIGIBILITY:

Faculty members of Engineering are eligible.

### REGISTRATION:

Participants can confirm their registration by mailing the scanned copies of the filled registration form and a Demand Draft for an amount of Rs.600/- in favour of "The Principal, Chaitanya Engineering College" payable at Visakhapatnam, to e-mail: principal@cec.ac.in on or before **14-07-2018** They must be submitted, in original, at the time of attending the program.

## INSTITUTION:

Established in 2002, Chaitanya Engineering College marks yet another effort on the part of the Chaitanya Group and is located in an over 50 acre naturally idyllic environment near Kommadi in Greater Visakhapatnam. It is approved by the All India Council for Technical Education (AICTE) and affiliated to JNT University, Kakinada. The institute is accredited by NAAC and NBA. The institute offers B.Tech. Courses in CSE, ECE, MECH, EEE and CIVIL. It also offers M.Tech. with specializations in Digital Electronics and Communication Systems, Computer Science and Engineering, Software Engineering, Machine Design, Structural Engineering and Power Systems.

The Institute is well equipped with advanced laboratories and highly qualified faculty. It regularly organizes events like seminars, workshops, FDPs, etc. for the benefit of students and the faculty so that they are abreast with the latest trends in Engineering and Technology.

## PROGRAM REPORT

DATE: 07-06-2018

One day seminar was conducted on “Indian scenario of IPR” on 06<sup>th</sup> June 2018 in seminar hall, ABDUL KALAM BLOCK. The session started with the arrival of speaker at 10:00 AM. The chief guest gave us very good information on scenario of IPR. The programme ended with the speech of the principal. He thanked the chief guest and the staff for making the programme grand success.

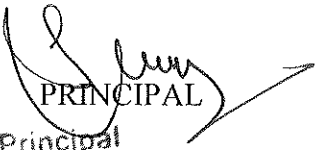

The main objective and the brief outcome of the seminar is as follows:

Objective of the Seminar: IPR is not a new topic to organize seminar however it needs to be addressed in separate aspect to understand it crystal clear in both research and its implication in the property rights of the stakeholders. Therefore the main objective of the seminar was to make aware enough the young minds to brief about the integral property rights or IPR and its application in research and development.

Brief Outcome: In a nutshell, the outcome of the seminar can be given as follows:

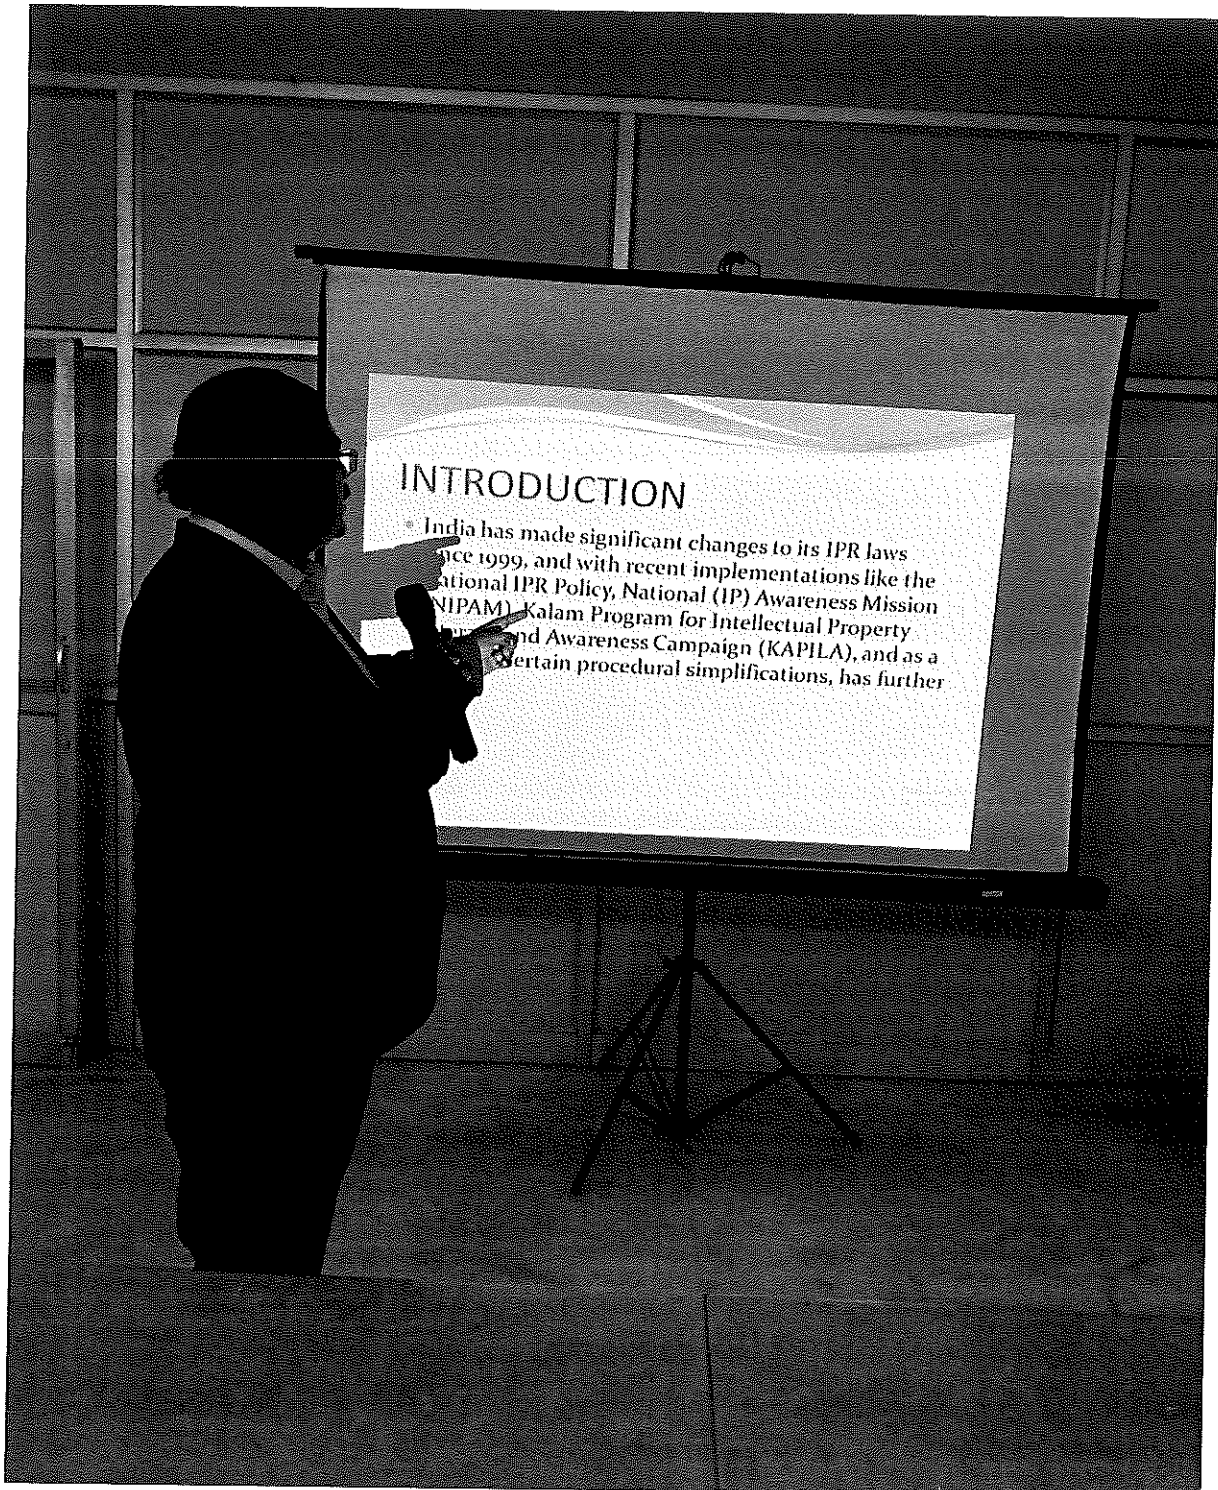

- The eminent speakers gave the introduction about IPR or Intellectual property rights from the grassroots level because although this topic is well known however it has not reached to the mass audience in true sense. Therefore the young minds who attended the seminar returned home with a basic understanding of IPR in a lucid manner.
- This topic is very much correlated either the research and development so from this point of view speaker has addressed its application in R and D field.
- Finally this topic has been clearly elaborated with respect to the perception of Patent related details and theory utility in Indian research system.
