CAMPUS RECRUITMENT TRAINING FOR FINAL YEAR STUDENTS

This is to inform you that Mr. Sohail Mohammad has conducted a one-day training program on "Campus Recruitment Training Program for final year Students" in Chaitanya Engineering College on 21-03-2023 for equipping the students for campus recruitment. He emphasized the need for the students to know the details like its profile, the nature of projects they undertake and the company turnover to have a glimpse of how the company is doing in the market. He added that it is utmost essential to research the company.

He further added the fact that personal interview round is not just for technical skill assessment, but recruiters may also use it as a tool to assess the candidates' emotional strength as well. Hence, he urged students to be attentive while giving interview and he advised not to pretend to be someone or boost oneself over something which they are not. He further advised students to practice frequently asked interview questions and try to answer them genuinely. He advised them to arrive at the interview venue early and try to ease themselves. He further advised them to be calm and composed before the interview. He also shed some light on the points to remember if it was a telephonic interview. The final year students have got a clear understanding of the necessary tips that need to be followed while attending interviews.

COMPANY SPECIFIC TRAINING PROGRAM FOR FINAL YEAR STUDENTS

This is to inform you that Mr. R. Murali has conducted a one-day training program on “Company Specific training program for final year students” in Chaitanya Engineering College on 14-04-2022 for preparing the students for recruitment process. Firstly, he mentioned that preparing for a personal interview can be a nerve-wracking experience, but with the right preparation, students can feel confident and ready to make a good impression. He added that students should be aware of the company they are approaching for, and they need to have a good understanding of the company’s profile and turnover before attending the interview.

He advised students to research the company to learn as much as they can about the company and the position they are applying for. He also advised them to review their resume to make sure they are familiar with their own resume and can speak about their skills and experience. He further added to practice common interview questions and research common interview questions and practice answering them. If Possible, he politely urged students to dress appropriately to make sure they dress appropriately for the interview. Dressing in professional attire is appropriate for the position and company culture. He asked them to arrive early to the interview location at least 15 minutes early. This will give them time to relax and compose themselves before the interview. Be prepared with questions and try to prepare a list of questions to ask the interviewer about the company, the position, and the culture if they like.

IMPARTING INTERVIEW READY SKILLS

This is to inform you that Mr. K. Srikanth conducted a one-day seminar program on “Imparting Interview Ready Skills” in Chaitanya Engineering College on 17-02-2021 for the benefit of Pre final & final year students. Mr. Srikanth recalled the fact that many companies choose to conduct interviews online to make the process more efficient for both the employer and prospective employee. He added that from remote positions to cost-effective first-round interviews, a potential employer may ask you to meet online for an initial discussion about a job.

He emphasized the importance of preparing for online interviews. He told the students that Knowing how to prepare for a virtual interview can give them confidence and help them prove their value as a job candidate during an online meeting. He urged students to familiarize themselves with the necessary equipment and software before their interview appointment. Overall, it was an informative session with many points to take back home for the students preparing for the job interviews.

PUBLIC SPEAKING SKILLS

This is to inform you that Mr. Ch John has given a seminar talk on “Public Speaking Skills” in the Chaitanya Engineering College on 24-01-2020 for the benefit of the students. He emphasized the need for the students to communicate their ideas, thoughts, and messages clearly and effectively to a diverse audience. He further added that this skill is inevitable in everyday conversations, meetings, and presentations.

He also shed some light on the importance of public speaking in career advancement, leadership development, networking, personality development, personal branding etc. He has been so good at making the students understand the educational benefits of public speaking. He went on to say that public speaking can enhance the students’ own learning and retention of information. Students came to realize that public speaking skills are assets that can enhance various aspects of their lives from career advancement to personal growth.

ACTIVITY REPORT

Name of the Activity: Oral Communication Skills
Date: 23-01-2019
Coordinator Name: Mr. D.S.R Swamy
Time: 10AM
Venue: Seminar Hall, Abdul Kalam Block
No. Of Participants: 95
Resource Person: Ms. G. Lavanya

ORAL COMMUNICATION SKILLS

This is to inform that Ms. G. Lavanya has conducted a session on “Oral communication Skills” in Chaitanya Engineering College on 23-01-2019 for the students. She emphasized that oral communication skills refer to the ability to convey information, thoughts, ideas, and emotions effectively through spoken language. She added that these skills are critical in both personal and professional settings. She recommended some tips to enhance these oral communication skills. They are clarity and enunciation, voice modulation, pronunciation, grammar and language use, vocabulary expansion.

She went on to add some other tips which are highly essential for acquiring these skills like active learning, empathy, organized and structured communication, nonverbal communication, adapting to the audience etc. She further stressed that using visual aids effectively is a crucial skill to enhance understanding. Practicing public speaking skills, staying calm under pressure, politeness and respect are some other advanced skills that are to be acquired, she added.
