AWARENESS PROGRAM ON PGECET

This is to inform that Mr. K. Sanjay Kumar from ORIGIN Engineering Academy, will be conducting a session at Chaitanya Engineering College on 07-09-2021 for the benefit of Pre final & final year students. When you have limited time in hand for PGECET 2022 exam preparation, each day counts. To utilize each day in the right way, create an hourly plan.

Make a plan that you do not have to regret following or demand a cheat day after following it for certain days. Create by understanding your individual information intake capacity and picking up topics for each day. If you are confident to cover more than two topics in a day, go for it. Schedule at least two hours to practice one sample paper each day to self-analyze your preparation level.

REPORT ON LIFE IN IIT'S & NIT'S

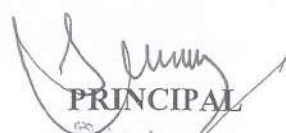

This is to inform that CEC has Invited Mr. S. Hari Babu, Scientist [E] IGRAC, to deliver a session "Life in IIT's & NIT's" at Chaitanya Engineering College on 26/10/2021 for the benefit of Pre final & final year students.

As an engineering student, Reddy knows that getting into the prestigious Indian Institutes of Technology (IITs) or Indian Institutes of Management (IIMs) is a highly competitive process. From his perspective, he believes that it takes a combination of hard work, dedication, and strategic planning to increase his chances of success. Reddy emphasizes the importance of maintaining excellent academic records and preparing for the entrance exams by following a structured study plan. He also understands that IIMs value communication and leadership skills and advises students to develop these skills by participating in extracurricular activities and gaining work experience. Reddy believes that focusing on one's strengths and tailoring the application to fit the requirements of the institutes is crucial to stand out in the selection process. Overall, Reddy acknowledges that getting into IITs or IIMs from an engineering background is not easy but believes that with determination and persistence, anyone can achieve their dream.

REPORT ON AWARENESS PROGRAM ON NDT

This is to inform that Y. Abhijeet has conducted a session on “Awareness Program on NDT” at Chaitanya Engineering College Conducted by Department of Mechanical Engineering on 16/11/2021. Y. Abhijeet shared his perspective on the various opportunities available in this NDT field. From his point of view, a career in Non-Destructive Testing can be a fulfilling and rewarding one, as it involves the Testing of physical products from raw materials. He highlighted the importance of having a strong foundation in engineering principles and practical skills such as welding, machining, and fabrication, which are essential for success in this field. Abhijeet also discussed the various job roles available in workshop and production, ranging from Quality Testing Engineer to Quality Inspector. Abhijeet believes that a career in NDT can provide opportunities for career growth and advancement, and he encouraged participants to pursue internships and apprenticeships to gain hands-on experience in this field. Overall, Abhijeet’s session provided valuable insights into the world of NDT Inspection, production and highlighted the potential for a fulfilling career in this Field.
