## ACTIVITY REPORT

Name of the Activity: Awareness on importance topics in CAT

Date: 12-08-2019

Resource Person: Mr. k. Manohar

Coordinator Name: Mrs. P Santhi

Time: 10AM

Venue: Visvesvaraya block room no v\_203 simulation lab

### AWARENESS ON IMPORTANT TOPICS IN CAT

This is to inform that Mr. K. Manohar has conducted a session on “Awareness on important topics in CAT” at Chaitanya Engineering College on 12-08-2019 for the benefit of Pre final & final year students. Around 2 Lakh aspirants appear for CAT every year. The competition is always high. Know the important topics for CAT to gain an edge over others.

The Common Admission Test (CAT) is one of the three extremely guarded entrances that as an MBA aspirant, you will have to overcome to get into any B-school of your dreams. Verbal Ability and Reading Comprehension (VARC), Data Interpretation and Logical Reasoning (DILR), and Quantitative Aptitude (QA). Since its inception, CAT has never had a predefined syllabus. However, certain questions are repeated every year. Therefore, a careful analysis of the most recent CAT papers can give an idea of the topics that have a high probability of having a good weightage in CAT.

## ACTIVITY REPORT

Name of the Activity: Training on GRE Exam  
Date: 19-11-2019  
Resource Person: Mr. M. Jeevan Kumar  
Coordinator Name: Mrs. P Santhi  
Time: 10Am  
Venue: Visvesvaraya block room no v\_203 simulation lab

### TRAINING ON GRE EXAM

This is to inform that Mr. M. Jeevan Kumar has conducted a session on "Training on GRE Exam" at Chaitanya Engineering College on 19-11-2019 for the benefit of Pre final & final year students. The Graduate Record Examination (GRE) is a standardized test that is used for admission to graduate school programs in various universities worldwide. The test measures your verbal reasoning, quantitative reasoning, critical thinking, and analytical writing skills. It is designed to assess your ability to succeed in graduate-level coursework.

Understand the structure of the GRE exam: Before you start studying for the GRE, it is important to understand the structure of the exam. The GRE consists of three main sections: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing. Each section has a different number of questions and time limits.

### REPORT ON CAREER INTO DATA SCIENCE

This is to inform that on 21/09/2019 Department of Computer Science Engineering Invites Mr. M. Shyam from Softenart to Conduct a Session "Career into DATA SCIENCE" at Chaitanya Engineering College. On his Lecture some of the key notes are like Data science is one of the most popular career options for students, especially those pursuing a bachelor's degree. It is also one of the most sought-after courses in universities today.

If you just want some ideas on how to write a personal statement for data science, then this article is for you. Also, if you're someone who is willing to secure a career in the field of data science, then it is recommended that you pursue Data Science Courses that will enable you to learn all aspects that will enable you to learn all aspects and principles of data science. Data Science consists of the application of machine learning algorithms to numerical, textual data, images, video, and audio content. The algorithms, therefore, perform specific tasks that concern the extraction, cleaning, and processing of data, generating in turn, data that are transformed into real value for each organization.

### REPORT ON AWARENESS PROGRAM ON NDT

This is to inform that Mr. G. Akhil has conducted a session on “Awareness Program on NDT” at Chaitanya Engineering College Organized by Department of Mechanical Engineering on 19/11/2019. Akhil shared his perspective on the various opportunities available in this NDT field. From his point of view, a career in Non-Destructive Testing can be a fulfilling and rewarding one, as it involves the Testing of physical products from raw materials. He highlighted the importance of having a strong foundation in engineering principles and practical skills such as welding, machining, and fabrication, which are essential for success in this field. Abhijeet also discussed the various job roles available in workshop and production, ranging from Quality Testing Engineer to Quality Inspector. Akhil believes that a career in NDT can provide opportunities for career growth and advancement, and he encouraged participants to pursue internships and apprenticeships to gain hands-on experience in this field. Overall, Akhil’s session provided valuable insights into the world of NDT Inspection, production and highlighted the potential for a fulfilling career in this Field.
