AWARENESS PROGRAM ON PGECET

This is to inform that Mr. K. Rahul Sharma from ORIGIN Engineering Academy has conducted a session at Chaitanya Engineering College on 22-08-2018 for the benefit of Pre final & final year students. When you have limited time in hand for PGECET 2019 exam preparation, each day counts. To utilize each day in the right way, create an hourly plan. Pick up the hard topics or in other words, topics in which you lack confidence in the first week. Divide the topics into two halves. In the first half, devote your attention to completing a hard topic and in the second half to cover an easier topic. By doing this, the stress level will be balanced.

Make a plan that you do not have to regret following or demand a cheat day after following it for certain days. Do not consult your friends while preparing your study plan. No two individual is alike. Create by understanding your individual information intake capacity and picking up topics for each day. If you are confident to cover more than two topics in a day, go for it. Schedule at least two hours to practice one sample paper each day to self-analyze your preparation level.

IMPORTANCE OF TOFEL FOR ABROAD EDUCATION

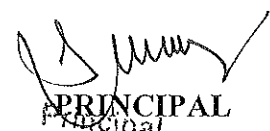

This is to inform that Mr. Ravi Kumar conducted a session on “Importance of TOFEL for abroad education” in the Chaitanya Engineering College on 10-10-2018 for the benefit of Pre final & final year students.

It is the test for migration – TOFEL is accepted by governments in more countries than any other English language test as a requirement for permanent residency. The governments of the UK, Australia, Canada, and New Zealand accept TOFEL results. The TOFEL score you need depends on the requirements of your visa. Is **developed to provide a fair and accurate assessment of English language proficiency**. Test questions are developed by language specialists from Australia, Canada, New Zealand, the UK and the USA. The test covers four sections: Listening, Reading, Writing and Speaking. One of the most effective ways to prepare for TOFEL is to attempt practice books.

ACTIVITY REPORT

Name of the Activity: Training on GRE Exam
Date: 06-12-2018
Resource Person: Mr. K. Jeevan Kumar
Coordinator Name: Mr. Grace Sudheer
Time: 10AM
Venue: Visvesvaraya block room no v_303

TRAINING ON GRE EXAM

This is to inform that Mr. M. Jeevan Kumar has conducted a session on "Training on GRE Exam" at Chaitanya Engineering College on 06-12-2018 for the benefit of Pre final & final year students. The Graduate Record Examination (GRE) is a standardized test that is used for admission to graduate school programs in various universities worldwide. The test measures your verbal reasoning, quantitative reasoning, critical thinking, and analytical writing skills. It is designed to assess your ability to succeed in graduate-level coursework.

Understand the structure of the GRE exam: Before you start studying for the GRE, it is important to understand the structure of the exam. The GRE consists of three main sections: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing. Each section has a different number of questions and time limits.

TOPIC COVERED IN GATE FOR MECHANICAL ENGINEERING

This is to inform that Mr. R. Naveen conducted a session in the Chaitanya Engineering College on 13.02.2019 for the benefit of Pre final & final year students. He listed a few important topics for regarding branch. Candidates can also analyze important topics for Mechanical Engineering from previous years' GATE papers. Aspirants can get a good score in the GATE exam ME by preparing in a well-planned manner and solving previous papers.

In GATE Mechanical Engineering Paper, few subjects have more weightage of marks than other subjects. So, you must know the important topics where the questions have been asked regularly in the previous GATE papers. The most important topics are provided below based on the analysis of previous GATE exam papers.

AWARENESS PROGRAM ON NDT

This is to inform that Y. Abhijeet has conducted a session on "Awareness Program on NDT" at Chaitanya Engineering College Organized by Department of Mechanical Engineering on 22/08/2018. Y. Abhijeet shared his perspective on the various opportunities available in this NDT field. From his point of view, a career in Non-Destructive Testing can be a fulfilling and rewarding one, as it involves the Testing of physical products from raw materials. He highlighted the importance of having a strong foundation in engineering principles and practical skills such as welding, machining, and fabrication, which are essential for success in this field. Abhijeet also discussed the various job roles available in workshop and production, ranging from Quality Testing Engineer to Quality Inspector. Abhijeet believes that a career in NDT can provide opportunities for career growth and advancement, and he encouraged participants to pursue internships and apprenticeships to gain hands-on experience in this field. Overall, Abhijeet's session provided valuable insights into the world of NDT Inspection, production and highlighted the potential for a fulfilling career in this Field.

CAREER INTO DATA SCIENCE

This is to inform that on 06/12/2018 Department of Computer Science Engineering Invites Mr. M. Shyam from Softenat to Conduct a Session “Career into DATA SCIENCE” at Chaitanya Engineering College. On his Lecture some of the key notes are like Data science is one of the most popular career options for students, especially those pursuing a bachelor’s degree. It is also one of the most sought-after courses in universities today. If you just want some ideas on how to write a personal statement for data science, then this article is for you. Also, if you’re someone who is willing to secure a career in the field of data science, then it is recommended that you pursue Data Science Courses that will enable you to learn all aspe that will enable you to learn all aspects and principles of data science. Data Science consists of the application of machine learning algorithms to numerical, textual data, images, video, and audio content. The algorithms, therefore, perform specific tasks that concern the extraction, cleaning, and processing of data, generating in turn, data that are transformed into real value for each organization.

REPORT ON CAREER OPPORTUNITIES INTO CAD CODING

This is to inform that U. Mani Kanta has conducted a session on “Career Opportunities into CAD Coding” at Chaitanya Engineering College on 13/02/2019 for the benefit of Pre final & final year students. Venkat recently conducted a session on career opportunities for freshers in CAD coding and shared his perspective on the potential growth and development in this field. From his point of view, CAD coding is a field that is constantly evolving and adapting to meet the changing needs of the industry. He discussed the various tools and technologies that are currently being used in CAD coding, such as 3D modeling and simulation software, and emphasized the importance of staying up-to-date with the latest advancements in this field. Venkat also highlighted the potential career opportunities available within CAD coding, including roles in product design, mechanical engineering, and architecture. He encouraged participants to pursue higher education and gain hands-on experience through internships and apprenticeships to prepare for a career in this field. Overall, Venkat's session provided valuable insights into the world of CAD coding and highlighted the potential for a challenging and rewarding career in this dynamic field for freshers who have a passion for engineering and design.
