REPORT

DATE: 07.06.2019

The aim behind organising the program were to give awareness to people about keeping environment clean and safe from pollution and the importance of planting more trees to purify the air. A greener environment always ensures a better place for everyone. We must always try to protect our environment and keep it clean. The activities organized were planting saplings in the campus.

Our principal, Dr R Uma MaheswaraRao inaugurated the program by planting saplings in the college followed by the faculty members. The Vice Principal Dr K suresh addressed all students to be responsible future citizen and conserve the environment. He also explained the importance of taking measures to protect the environment on a daily basis. The remaining saplings were distributed among students. Later the students who participated in the events conducted for the program are awarded with certificates.

The program followed by the List of competitions related to world environment

REPORT

DATE: 26.01.2020

The Management, staff and students of Chaitanya Engineering College celebrated "SankranthiSambaralu" in the college premises on 12 th January 2020. The students dressed in their traditional best decorated the premises with Rangoli and took part in various activities. The entire college wore a colorful look with Rangolies. Students decorated the Rangolies by keeping "Gobemmas" at the centre of Rangolies. The initiative was appreciated by Dr. Uma MaheswaraRao, Principal of the college and in his Sankranthi wishes message he addressed the students, to fly high on their Dreams and aspirations like a kite, but stay grounded on your values like the string that holds the kite. In the view of "SankranthiSambaralu" celebrations the college organized competitions in Student category and Faculty category, and distributed Prizes to the Winning Teams.
