CHAITANYA ENGINEERING COLLEGE has tremendous love and affection toward our ALUMNI. A warm welcome and a batch wise gathering are planned for the Alumni. The students grace the occasion and spend some quality time with their faculty and staff during the occasion exchanging stories in various locations. The CHAITANYA ENGINEERING COLLEGE Principal, and employees plan the Alumni Meet. Every year, more than an average of 70 alumni show up to the event to talk to the juniors about their experiences.

In addition to creating skilled software engineers, hardware engineers, entrepreneurs, artists, authors, and managers with a plethora of knowledge and experience, THE CHAITANYA ENGINEERING COLLEGE has produced engineers who work for government agencies. All of these extraordinary individuals are gathered at the Alumni Meet on a single stage. The institute wants to maintain constant contact with its graduates in order to support them in their goals and give them the opportunity to connect with and stay in touch with other members of their class, as well as their seniors, juniors, and current students. A number of reputable businesses have hired former CHAITANYA ENGINEERING COLLEGE students, and they serve as positive role models for new students.

Alumni are often contacted for gatherings. The students actively carry out the juniors' seminars, projects, placement activities, and motivational programs. Their success has contributed to further reinforcing their roots in CHAITANYA ENGINEERING COLLEGE via communications, initiatives, and services that encourage a lifelong link with the institute; the Alumni Association offers a chance for alumni and friends to stay in touch with their alma mater.
