Environmental Consciousness

I. Green campus initiatives include

***Use of LED bulbs/solar street lamps**

The Environment and Energy usage Policy of Chaitanya Engineering College, Kommadi, Visakhapatnam is to manage energy in such a systematic way so as to minimize its impact on the environment. To explore the renewable energy resources to reduce the burden of the government and to find out substitute natural resources as solutions to the energy crisis.

To reduce our energy usage and measure its impact on the environment and to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

2. Restricted Entry of vehicles into the campus

CHAITANYA ENGINEERING COLLEGE does not allow all the vehicles enter in to The campus and promises for a pollution free environment. We protect the environment with maintaining green campus.

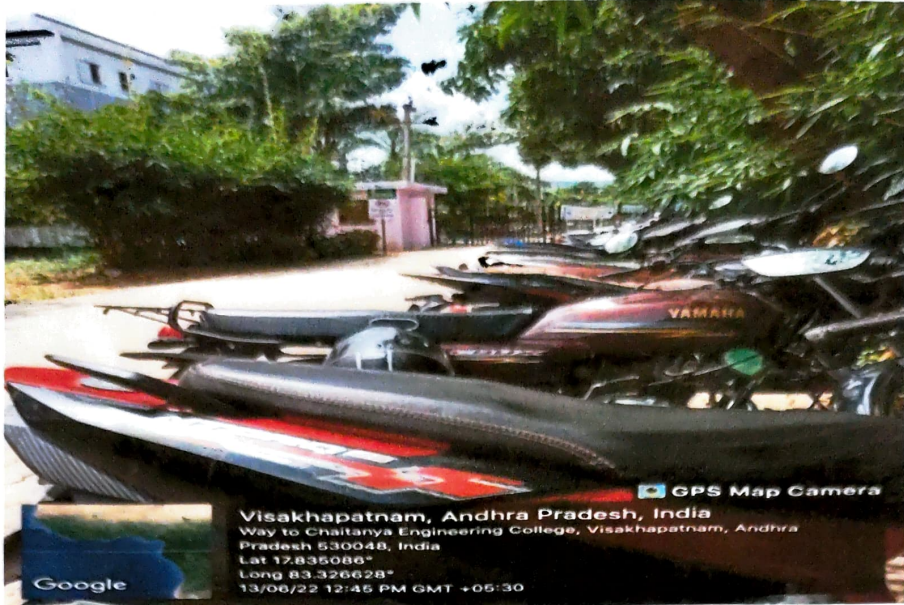

- Vehicles with prior permission from management and heads only can entry in the campus

In our college campus vehicles are parked at only allotted parking places. Only Top management vehicles can entre of our college can enter with their vehicles in campus.

- The purpose of restricting vehicles is often to prioritize safety, reduce environmental impact, Understanding these restrictions is important for vehicle owners and operators to ensure compliance with regulations while contributing to a more sustainable and efficient transportation system.

II. Water conservation facilities available in the institution

1. RO System for drinking water

Reverse Osmosis (RO) is a water treatment process that removes contaminants from water by using pressure to force water molecules through a semipermeable membrane. During this process, the contaminants are filtered out and flushed away, leaving clean, delicious drinking water

Ro system for drinking water and Drinking water facility at every block

PRINCIPAL
CHAITANYA ENGINEERING COLLEGE
Kommadi, Visakhapatnam-530 048

2. Rain Harvesting and Ground water Boring well

CHAITANYA ENGINEERING COLLEGE has a well maintained Mineral water plant keeping in view of health of their employees and stake holders and well wishers and water coolers are also provided at each block and also maintain huge water tanks for ensuring continuous water supplied throughout campus

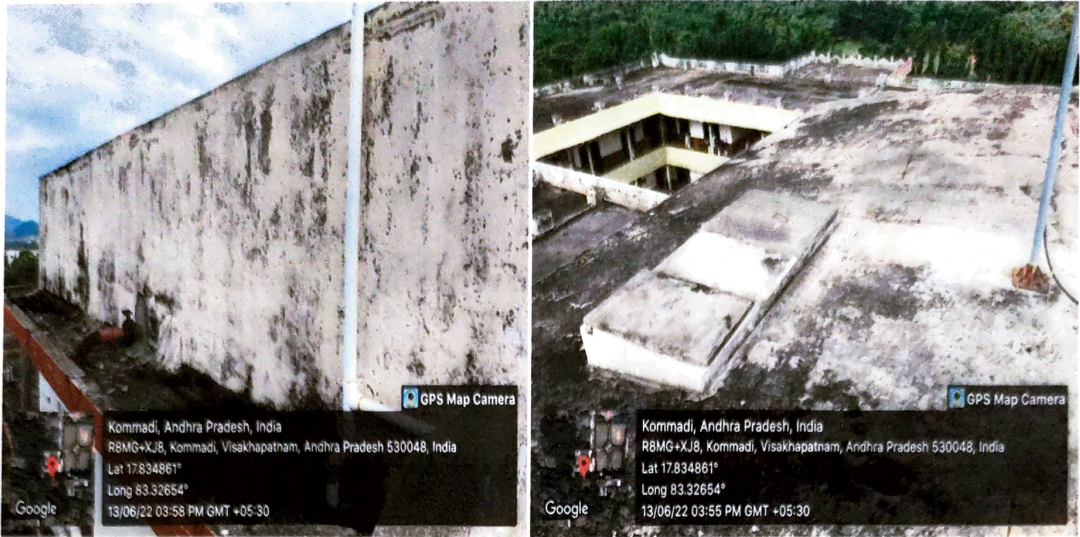

CHAITANYAENGINEERING COLLEGE also maintains Rain water harvesting for conservation of Rain water Implementing rainwater harvesting systems not only helps in conserving water resources but also reduces runoff, which. Embracing rainwater harvesting not only promotes water sustainability but also fosters resilience against the impacts of climate change by enhancing water security for communities.

Rain water Harvesting Pit to conserve rain water and Ground water bore well for water resources

VI. Ban on use of Plastic

CHAITANYA ENGINEERING COLLEGE celebrating the World Environment Day on every 5th of June and organizing the activities related to environment protection.

A pledge was taken by the members of the college community concerning "Take away the single use of Plastic in the Campus to beat the plastic pollution.

Everyone in the campus took initiatives to make the campus "Plastics zone" Volunteers of NSS took major part in much type of activities by conducting mainly and awareness activities such as "Swachh Bharat ", Clean and Green. Environment Day in addition with Earth day, Energy conservative day is observed in the college.

- Main motto of conducting such type events is for only Ban of Plastic, Ban of Single use carry bags, Ban of polythene to save our lives

6. Solid Waste Management

solid waste management mainly refers to the complete process of collecting, treating and disposing of solid wastes. In the waste management process, the wastes are collected from different sources and are disposed of. This process includes collection, transportation, treatment, analysis and disposal of waste. Apart from regular collection from municipality college also has agreement from private disposing agency at a regular interval

college maintains dustbins at every block and each floor to maintain a clean atmosphere throughout the campus.
