### 1. Pedestrian Friendly pathways

CHAITANYA ENGINEERING COLLEGE is well maintained and covered with Green Lush Environment.

CEC is a Growing friendly environment reachable by RTC busses, College Buses, cars, auto rickshaws, and two wheeler automobiles facilities from different places in and around the city and few students prefer to walk to college as its near to the kommadi village.

Inside the campus we have walkways to go to other branch departments, laboratories, workshops, Central library, examination cell, canteen and administrative office in the campus.

### 2. Water conservation facilities available in the institution

CHAITANYA ENGINEERING COLLEGE keeping in view of health of their employees and stake holders and well wishers has a well maintained Mineral water plant and water coolers at each block and water is supplied at each floor.

CEC also maintains a Rain water harvesting for conservation of Rain water and also maintains huge water tanks on each building for uninterrupted water supply throughout the campus

### 3. Restricted entry of automobiles

CHAITANYA ENGINEERING COLLEGE does not allow all the vehicles enter in to the campus only permitted can enter the vehicles of college staff and students only. We pledge to protect the environment by maintaining green campus.

- No vehicle will be allowed to enter in to the campus only after permission from security at the entrance
- In our college campus only permitted automobiles can enter and most of them park in the parking area or leaves immediately after loading/unloading the materials.

\*Only Top level management of our college can enter with their vehicles in campus.

#### 4. Landscaping with trees and plants

Chaitanya Engineering College takes proud initiatives of plantation inside the campus for green campus. The spaces in between the academic blocks have beautifully landscaped lawns.

Chaitanya Engineering College distributes plants to all the staff, students and ensures that they are planted; we are gradually promoting the plantation of organic vegetable plants also within the Campus every year and regular plantation Program takes place in and outside the campus every year with the support of NSS Unit.

#### 5. Use of bicycles / battery powered vehicles:-

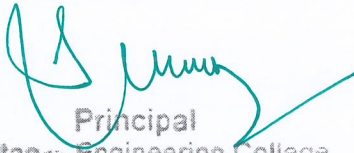

CHAITANYA ENGINEERING COLLEGE faculty members and students use Public transport for safety, security and fuel conservation on regular basis to minimize the carbon dioxide emissions, for ensuring all faculty take the college busses instead of individual vehicles management provides **free transportation** to all faculty and staff members since its inception.

CHAITANYA ENGINEERING COLLEGE is located at kommadi village allows all the bicycles and battery powered vehicles of college staff and students. We provide the following parking zones in the campus, Bicycles parking zone, two wheeler, automobiles parking zone, College busses parking zones separately.

#### 6. Ban on use of Plastic

CHAITANYA ENGINEERING COLLEGE celebrating the World Environment Day on every 5th of June and organizing the activities related to environment protection.

A pledge was taken by the members of the college community concerning "Take away the single use of Plastic in the Campus to beat the plastic pollution.

  
Principal  
Chaitanya Engineering College  
Kommadi VISAKHAPATNAM-530 049

Everyone in the campus took initiatives to make the campus "Plastics zone"  
Volunteers of NSS took major part in such type of activities by conducting mainly awareness activities such as "Swachh Bharat ", Clean and Green. Environment Day in addition with Earth day, Energy conservative day in and around the college

- Main motto of conducting such type events is for only to ensure Ban of Plastic, Ban of Single use carry bags, Ban of polythene to save our lives

#### 6. Solid Waste Management

CHAITANYA ENGINEERING COLLEGE has MOU's with both solid waste and E – waste management systems to ensure that all waste is either recycled in a properly decomposed for clean, green and a pollution free environment campus.
